Title: PARK ASSIST / MONITORING: PARKING ASSIST MONITOR SYSTEM: FAIL-SAFE CHART; 2023 - 2024 MY Prius Prius Prime [12/2022 -]		

FAIL-SAFE CHART

FAIL-SAFE FUNCTION

- (a) If a malfunction occurs in part of the rear camera detection function, "[Rear Camera Detection icon] System Malfunction Visit Your Dealer" or "[Rear Camera Detection icon] System Stopped See Owner's Manual" is displayed on the multi-information display in the combination meter assembly, the integrated indicator illuminates, and control of rear camera detection functions related to the malfunction are canceled.
- (b) If the rear television camera assembly judges that pedestrian detection is not possible such as when dirt is on the rear television camera assembly or during inclement weather such as snowfall, etc., "[Rear Camera Detection icon] Parking Assist Unavailable Low Visibility See Owner's Manual" is displayed on the multi-information display in the combination meter assembly, the integrated indicator illuminates, and control of all functions are cancelled. Furthermore, "[Rear Camera Detection icon] Parking Assist Unavailable Low Visibility See Owner's Manual" is displayed temporary and after it is cleared, the warning will be continued by illuminating the integrated indicator. Also, when pedestrian detection becomes possible, the integrated indicator turns off and normal control resumes.
