Model Year Start: 2023	Model: Prius Prime	Prod Date Range: [12/2022 -]
Title: SUPPLEMENTAL RESTRAINT SYSTEMS: AIRBAG SYSTEM: UTILITY; 2023 - 2024 MY Prius Prius Prime [12/2022 -]		

UTILITY

WRITE VIN/VEHICLE IDENTIFICATION NUMBER

NOTICE:

- When the airbag ECU assembly is replaced, it is necessary to write the VIN/Vehicle Identification Number.
- Since the VIN information of the airbag ECU assembly is acquired via ECM, it is necessary to first write the VIN of ECM.

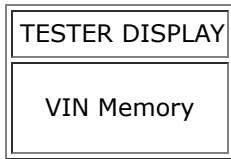

After writing ECM VIN information, first turn the ignition switch from off to ON and then write VIN information to the airbag ECU assembly.

for M20A-FXS: Click here 

for 2ZR-FXE: Click here 

(a) Using the GTS, write the VIN/Vehicle Identification Number.

Body Electrical > SRS Airbag > Utility

SWITCHING SPECIFICATION INFORMATION

NOTICE:

- When the airbag ECU assembly is replaced, it is necessary to switch the specification information.
- The airbag ECU assembly specification information is acquired from the forward recognition camera.

(a) Using the GTS, switch the specification information.

Body Electrical > SRS Airbag > Utility
