Title: MIRROR (INT): DIGITAL REAR-VIEW MIRROR SYSTEM: FAIL-SAFE CHART; 2023 - 2024 MY Prius Prius Prime [12/2022 -]		

FAIL-SAFE CHART

Protection control

(a) Inner rear view mirror assembly high internal temperature

- (1) When the temperature inside the inner rear view mirror assembly reaches a temperature higher than the higher limit for operation, the mirror high temperature indicator is displayed on the inner rear view mirror assembly and changes to protection mode.

HINT:

When the temperature limit for use is exceeded, the display gradually becomes darker, and if the temperature continues to rise, the display turns off.
