Title: FRONT SUSPENSION: FRONT SHOCK ABSORBER: DISPOSAL; 2023 - 2024 MY Prius Prius Prime [12/2022 -]		

DISPOSAL

CAUTION / NOTICE / HINT

CAUTION:

- Always use a cloth to prevent shards of metal from flying about due to the release of pressurized gas.
- Always wear safety glasses.

HINT:

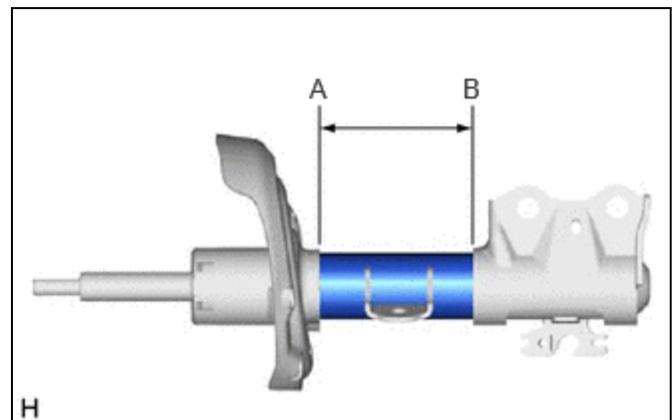

The gas is colorless, odorless and non-poisonous.

PROCEDURE

1. DISPOSE OF FRONT SHOCK ABSORBER ASSEMBLY

(a) for 2ZR-FXE

- (1) Place the front shock absorber horizontally with the piston rod extended, and using a hacksaw, make a hole between (A) and (B) shown in the illustration to discharge the gas inside.

(b) for M20A-FXS

- (1) Place the front shock absorber horizontally with the piston rod extended, and using a hacksaw,

make a hole between (A) and (B), and between (C) and (D) shown in the illustration to discharge the gas inside.
